EASY TO LEARN. EASY TO OPERATE. EASY TO MAINTAIN.

The TRUVAC TRXX vacuum excavator is a compact trailer with the power and features required at a variety of job sites to perform a wide range of tasks. This non-destructive hydro excavation trailer is portable and versatile and ideal for a broad range of applications.

CAPABILITIES

- Hydro Excavation
- Vacuum Excavation
- Potholing/Daylighting to locate underground utilities
- Keyholing for HDD installations
- Slot Trenching
- Cleanup of flood water, drilling spoils, catch basins, construction sites
- Valve box repairs
- Removal of non-hazardous liquids

FEATURES

- 1,000 cfm blower
- 49-64 hp diesel Kubota engine
- Easy 1-2-3 operation
- Easy to maintain
- Easy access to key operating components
- Standard wireless remote with multi functions
- Wireless remote includes "Dig and Unclog" function

EASY AS 1-2-3

Simple, clearly labeled, bi-lingual control panel.

1. Start engine
2. Select lights
3. Engage dig mode

REMOTE CONTROL

The TRUVAC TRXX wireless remote activates all functions, including a "Dig and Unclog" feature. The optional boom is also controlled with the remote's directional keypad.

'DIG AND UNCLOG'

Productivity on the job is aided by TRXX's standard remote with "Dig and Unclog" function. No more walks from the worksite back to the trailer to unclog the hose.
